FOREWORD TO 1983 VOLUME

The applications for membership in the Society of Indiana Pioneers contain a wealth of information and references concerning the early settlers of Indiana. In recent years members of the Society and of the Family History Section of the Indiana Historical Society have urged that this material be made more widely known and available for those doing genealogical or biographical research. This list is a response to that desire.

The Society of Indiana Pioneers was organized in 1916, Indiana's centennial year, to "Honor the memory and the work of the pioneers who opened Indiana to civilization." Membership is limited to persons who have at least one ancestor who was a resident of the State in the pioneer period. The Society issues a Year Book which includes a roster of current members with brief notes on their pioneer ancestors; it has also recently published a history of the Society.

The applications for membership and for additional lines give lineage, tracing back to the pioneer ancestor, and data to prove his or her residence by the date stated. The data on some applications is minimal, while on others it is extensive and informative. The applications are filed by year, then alphabetically by name of the applicant. After some years a card index to the applications was compiled and has been regularly updated through 1982. It is primarily for use of the Society's registrar, secretary, and researcher in locating earlier application data in connection with new applications for membership and requests for information. The cards give name of ancestor, with brief data; it is followed with a list of descendants whose applications are in the file, and date. Thus it is possible to locate quickly the applications on each pioneer name.

Ruth Dorrel, who has done the card indexing in recent years, has prepared this list for publication by the Family History Section of the Indiana Historical Society. She has checked the entries on the cards with applications and with a list compiled from Year Book entries by Barbara Wolfe in 1977, issued in a limited edition and distributed by the Fort Wayne-Allen County Public Library. In preparing the present list, Mrs. Dorrel has endeavored to give the best data for each pioneer listed, sometimes noting variations. While it has always been the aim of the Society to have the records as accurate as possible, newer members may supply different and more accurate data on an ancestor, since more sources of information have become available over the years.

The Society of Indiana Pioneers permits inspection of the applications in person or will supply data from them on request. Requests for information should be sent to: Society of Indiana Pioneers, 315 West Ohio St., Indianapolis, IN, 46202. Include a stamped self-addressed business size envelope. Photocopies of applications or data will be supplied for a nominal charge.

Carolyn Dunn, Secretary
Society of Indiana Pioneers

PREFACE TO 2001 SUPPLEMENT

After publication of the original volume of pioneer ancestors, the volume of applications increased. Researchers asked that information concerning ancestors who were accepted after the publication of the original book be made available. *The Hoosier Genealogist,* the family quarterly published by the Indiana Historical Society, published lists of ancestors accepted from 1983 through 1999. William Daily, president of the Society of Indiana Pioneers in 1992, a vice-president of the Society from 1989 through 1991, and a member of the Board of Governors from 1989 through 1991, and 1994 through 1996, was the most persistent requester of a companion volume to the original. Unfortunately, Mr. Daily did not live to see this publication, he died in 1998. This volume is dedicated to his memory.

The address of the Society of Pioneers has changed to: 450 West Ohio Street, Indianapolis, IN 46202-3269.

Ruth Dorrel, Editor
Indiana Historical Society

NOTES CONCERNING ABBREVIATIONS USED

1. Abbreviations used for states are the standard two letter abbreviations of the United States Post Office.
2. When an ancestor was born in Indiana, the county is given when known, with no state. When an ancestor was born in another state or country, no county is given.
3. Women ancestors are listed by married name and by maiden name when known.

DATES TO DETERMINE ELIGIBILITY FOR MEMBERSHIP IN THE SOCIETY OF INDIANA PIONEERS

To be eligible for membership in the Society of Indiana Pioneers an applicant must submit proof that at least one ancestor settled in Indiana before the close of the pioneer period of the county wherein such ancestor established residence.

After a careful study, eligibility dates were determined at an annual meeting of the members of the Society of Indiana Pioneers in December, 1933. The counties and dates follow.
